

# WERA Network Marketing Meeting 2010

Following SMM 2010, the Global Maritime Environmental Congress GMEC 2010 and connected with the date of the Storm Surge Congress in Hamburg, Helzel Messtechnik will organise this year's WERA

## **NETWORK MARKETING MEETING 2010**

**September 16 – 17, 2010**

**Helzel Messtechnik GmbH  
Kaltenkirchen**

The purpose of this marketing event will be to build new structures and to strengthen the existing WERA network of Maritime Companies with a main emphasis on „Coastal Ocean Monitoring“ and joint technologies.

This two-days intensive meeting will provide special sessions on the first day where you will be able to have short presentations on your company's specific resources and products and will concentrate on the WERA and Ocean Radar related marketing situation on the second day.

It will offer opportunities for the WERA group to meet colleagues from abroad, exchange on the different marketing situation for WERA in your country and strategic ideas, get an impression on already existing sites, train on WERA hard and software and get first-hand information from Helzel Messtechnik.

Use this excellent networking opportunity!
